We are very proud to share with you some comments from this year's members:

“We have found the HART Meetings and CPD invaluable this year and would love to be part of it again next year” June 2023.

“Everything we have successfully implemented in school this year has been a result of HART’S excellent research led CPD. It has been refreshing to have been part of such helpful and supportive training programmes.” April 2023

“The visit provided great support helping us to improve our monitoring checks of pupils’ recall of knowledge.” January 2023.

Dear Colleagues

Thank you to everyone who provided feedback on HART CPD and support for 2023/2024. The information we received has helped us to plan our programme of CPD.

Key areas that colleagues value and would like us to retain next year are as follows:

- HART meetings across the school year providing updates on changing OFSTED focus, examples of evidence required to meet expectation in specific areas, examples of schools' effective practical approaches that meet pupils' needs, latest research about impactful leadership, leadership evaluation models/templates and support materials.
- 60% of colleagues preferred HART Meetings to take place on a morning and 40% preferred afternoons. As a result, in 2023/2024 we will have three sessions on a morning and two sessions on afternoons.
- Continue to provide CPD that is up to date providing practical solutions for the challenges faced by headteachers, senior leaders, subject leaders, teachers and teaching assistants.
- Specific subject leaders' CPD for each curriculum subject.
- Support for school governors.
- Headteacher Performance Management Services.
- Personalised and bespoke school support visits to meet schools' needs on leadership,
